3D CAPITALS OF PILASTERS

Any item can be any size
indicative price at a height of 500 mm - 80 €/pc

For the exact price, please request with the required dimensions.

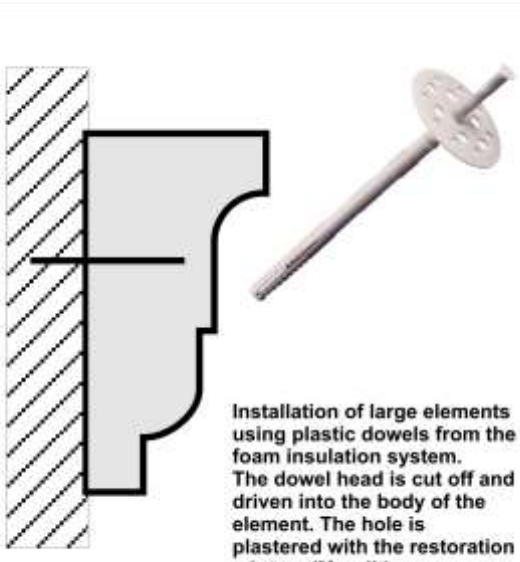

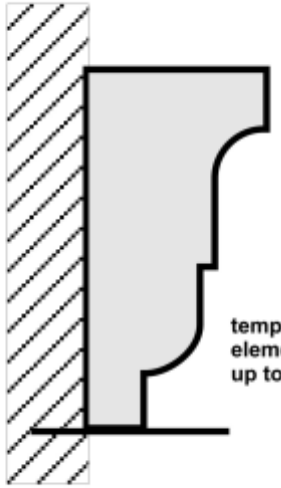

INSTALLATION

INSTALLATION

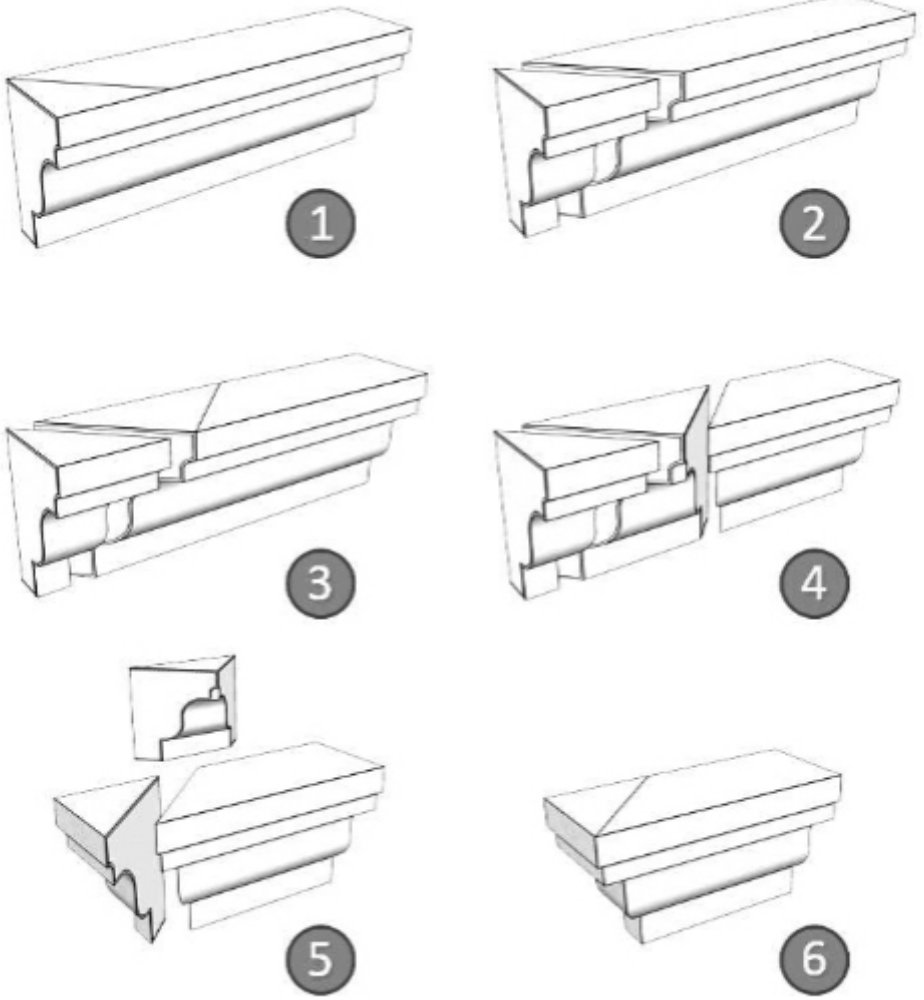

Installation of large elements using plastic dowels from the foam insulation system. The dowel head is cut off and driven into the body of the element. The hole is plastered with the restoration mixture (Merolit).

temporary anti-slip mount element sizes up to 200 mm height
